Family Newsletter

Resource of the Month

The St. Clair community library has now added a Saturday morning story time group. This is a **free** activity for parents to attend with their child each Saturday morning from 9:30 to 10:30. The hour consists of a featured story, songs and activities related to the story. For more information check out the library website at www.st.clairlibrary.org or call 828-553-5309.

FAMILY Event

August 8th at 4:00 p.m.

Pre-K Drum Performance

For two months, the pre-k class teachers, Ms. Smith and Ms. Houston were noticing many of the children in their classroom had been talking about drums and making drum sticks out of pencils, so they decided to make *drums* the class "focus for the month" of June. They made homemade drums from recycled materials such as oatmeal containers, coffee cans, etc. They talked about different types and sounds of drums as well as drum patterns and rhythm. The children even had their own afternoon drum circle. The children were so engaged in the drum project, that it was extended through July as well. As a special end to the project, Ms. Houston contacted the **local high school drum core and they have agreed to perform for all of the children and their families on August 8th at 4:00pm.** So we hope that our families are able to join us for this fun event!
