

Let everyday preschool classroom activities

POP

with literacy-learning POWER!

GROUP OR CIRCLE TIME

Lead the children in active songs like, “Jump Up and Down” and “Twinkle, Twinkle, Little Star”.

Let children vote for their favorite books, then re-read them together.

Use props—such as puppets, stuffed animals, or picture cards—to engage children in a song or story.

Model writing for the group by asking a question and writing each child's response on chart paper. Graph yes/no responses.
